|---------------------|-----------------------|
| Material: | Lacquered Aluminium |
| Color: | Clay Red |
| Geometric Features: | |
| Length: | 110 mm |
| Width: | 18 mm |
| Espessura: | 2 mm |
| Weight: | 100 gr |
| Yield: | 1 unit per ridge tile |

APPLICATION

The clamp should be screwed into the hip batten, piercing the membrane at the top. It is placed using the overlapping measure of the ridge tile that we are going to apply. Subsequently the is applied the following ridge tile. With bendable "rods", it clamps directly upon the ridge tile. Sealant may be used at this point for better attachment to the piece.
